

LITON ROY

Frontend Developer | React.js | Next.js

+8801778992080 @ litonroy900796@gmail.com [Linkdin](#) [Github](#) Dhaka, Bangladesh

SUMMARY

Frontend Developer with 3+ years of experience building scalable, production-ready web applications using React.js and Next.js. Skilled in state management, REST API integration, and reusable component architecture. Experienced in translating Figma designs into pixel-perfect, responsive interfaces across desktop, tablet, and mobile devices.

PROJECTS

Hotel & Tour Booking System

<https://etripi.com>

Key Contributions

- Developed responsive hotel and tour booking interfaces with multi-language support.
- Implemented API data fetching, caching, and client-side state management using React Query and Zustand.
- Built reusable forms with schema-based validation using React Hook Form and Zod.
- Translated Figma designs into pixel-perfect UI components using Tailwind CSS and shadcn/ui.

Kormi24

<https://www.kormi24.com/en>

Key Contributions

- Designed and developed responsive UI for a location-based job marketplace platform.
- Designed and developed a responsive UI for a location-based job marketplace platform using Next.js, Bootstrap, and Material UI.
- Integrated GraphQL APIs with Apollo Client for efficient data fetching and seamless frontend-backend communication.
- Implemented location-based features using Leaflet and integrated Firebase services for application functionality.
- Built reusable and validated forms using React Hook Form and Yup for a smooth user experience.
- Integrated REST APIs to connect frontend components with backend data seamlessly.

Snowsearch Australia

<https://www.snowsearch.com.au/>

Key Contributions

- Built responsive, pixel-perfect interfaces for a snow resort search and booking platform.
- Translated design requirements into consistent and user-friendly layouts across all pages and screen sizes.
- Ensured cross-device responsiveness and visual consistency across desktop, tablet, and mobile devices.

EDUCATION

BSc in Computer Science and Engineering (CSE)

Bangladesh University

07/2023 - 09/2026

5/B, Beribandh Main Road, AdabarMohammadpur, Dhaka - 1207

Diploma in Computer Science

Thakurgaon Polytechnic Institute

03/2017 - 08/2021 Gobindra Nogar, Thakurgaon Road, Thakurgaon

SKILLS

Languages & Core

HTML5

CSS3

JavaScript

TypeScript

REST API

JWT

Frameworks & UI

React.js

Next.js

Redux

TanStack Query

Tailwind CSS

Bootstrap

Tools & Libraries

Git

Figma

WordPress

Axios

Postman

React Hook Form

Zod

Context API

MongoDB

EXPERIENCE

Frontend Developer

Codeware Limited

03/2023 - Present

Road # 12, Adabor, Mohammadpur, Dhaka-1207, BD.

- Contributed to the development and delivery of scalable, production-ready web applications using React.js, Next.js 14, TypeScript, and Tailwind CSS.
- Built and maintained reusable component libraries to standardize UI development, improve consistency, and accelerate feature delivery across projects.
- Integrated REST APIs and managed complex application state using Redux and TanStack Query to build reliable, data-driven user experiences.
- Translated Figma designs into responsive, pixel-accurate interfaces with consistent experiences across desktop, tablet, and mobile devices.

Frontend Developer | Designer

Somikoron AI

09/2022 - 02/2023

3016 33rd Street, Astoria, NY 11102, USA (Remote)

- Developed responsive interfaces using HTML, CSS, and Tailwind CSS, ensuring consistent user experiences across different screen sizes.
- Contributed to shared design systems by maintaining consistent typography, color, spacing, and layout patterns across projects.
- Collaborated with product and engineering teams to improve the design-to-development handoff and ensure accurate implementation of UI designs.
